Others

Title	Description
Best practices followed by the Institute	All efforts have been taken to make the institute ragging free campus. The campus is no plastic zone. COVID protocol is being strictly maintaining in the campus. Importance is given to reduce electricity and water consumption.

Suggestion for further improvement	To promote rain water harvesting. Provide order so that faculty can avail in different faculty development programme, Central placement cell work with synchronization with institute Training and Placement Cell. All JEXPO and VOCLET admission should be through WBSCT&VE&SD.
Action taken report on last visit	All suggestions given by the Visitor have been fulfilled.
Suggestion & Modification in syllabus	Syllabus should be reconstructed time to time as per AICTE recommendations.
Any Special Issue to be reported by the Institute	For getting NOC from the Fire Department all remaining works should be completed as per the fire safety recommendation. Proposal already have been sent through e-office.
